ChatGPT Prompt Book for Marketers & Writers

100+ prompts to speed up content, ads, emails, and research

What this is all about
This prompt book is your AI-powered shortcut to better content- designed for marketers, copywriters, and content creators who want speed without compromising quality.

Over 100 ready-made prompts
No more guessing what to write. You get a diverse set of prompts for blogs, social media, ad copies, email campaigns, and more- organized by category.

Covers every stage of content creation
Whether you're brainstorming fresh ideas, outlining long-form content, editing headlines, or repurposing old posts- there's a prompt for that.

Create scroll-stopping ads with ease
Includes plug-and-play prompts to generate Facebook ads, YouTube hooks, Google search headlines, and irresistible CTAs- all with AI assistance.

Email writing made effortless
Get instant structure and inspiration for welcome emails, sales offers, follow-ups, product launches, and newsletter series.

SEO-focused prompts for better visibility
Use ChatGPT to help with keyword research, meta descriptions, blog outlines, and topic clusters that align with SEO goals.

Prompts for agencies and freelancers
From crafting client onboarding messages to building proposals or writing portfolio case studies- you'll find AI prompts tailored for your day-to-day workflow.

Built to save time and brainpower
These prompts are editable, reusable, and designed to reduce your writing time by up to 70%. Use them across multiple projects, platforms, and teams.
